- a **The Insured** must make a fair presentation of the risk to **the Insurer** at inception, renewal and variation of the **Policy**.
- b **The Insurer** may avoid the **Policy** and refuse to pay any claims where any failure to make a fair presentation is:
  - i deliberate or reckless; or
  - ii of such other nature that, if **the Insured** had made a fair presentation, **the Insurer** would not have issued the **Policy**.

**The Insurer** will return the premium paid by **the Insured** unless the failure to make a fair presentation is deliberate or reckless.

- c If **the Insurer** would have issued the **Policy** on different terms had **the Insured** made a fair presentation, **the Insurer** will not avoid the **Policy** (except where the failure is deliberate or reckless) but **the Insurer** may instead:
  - i reduce proportionately the amount paid or payable on any claim, the proportion for which **the Insurer** is liable being calculated by comparing the premium actually charged as a percentage of the premium which **the Insurer** would have charged had **the Insured** made a fair presentation; and/or
  - ii treat the **Policy** as if it had included such additional terms (other than those requiring payment of premium) as **the Insurer** would have imposed had **the Insured** made a fair presentation.

- b refunds of premium should be treated as refunds of premium back to the inception date, renewal date or variation date as the context requires;
- c issuing a **Policy** should be treated as references to issuing the **Policy** at inception, renewing or varying the **Policy** as the context requires;
- d premium should be treated as the premium payable for the particular contract of insurance which is subject to this condition (where there is more than one contract of insurance).
